Examiner Brian M. Healy  
United States Patent and Trademark Office  
Post Office Box 1450  
Alexandria, Virginia 22313-1450

Dear Mr. Healy

This letter concerns Application 10/732,857 which is the patent application for the LIGHT TRIGGERED LIGHT SWITCH.

Thank you for helping me over the telephone with details of this work.

Please find enclosed two versions of a copy of the claims as you requested with labels (original), (amended), or (canceled). I hope one of them is as you wish. There is also a sheet with just a list of the claim numbers with and the (original), (amended), or (canceled) label next to them. There was one amended and none canceled. The rest of the claims were as originally set forth,

Very truly yours,

Gary Poovey
